

Fire and Ice Festival / January First Fridays

Friday, January 6, 2023 | Noon - 8 p.m. | Goshen, Indiana

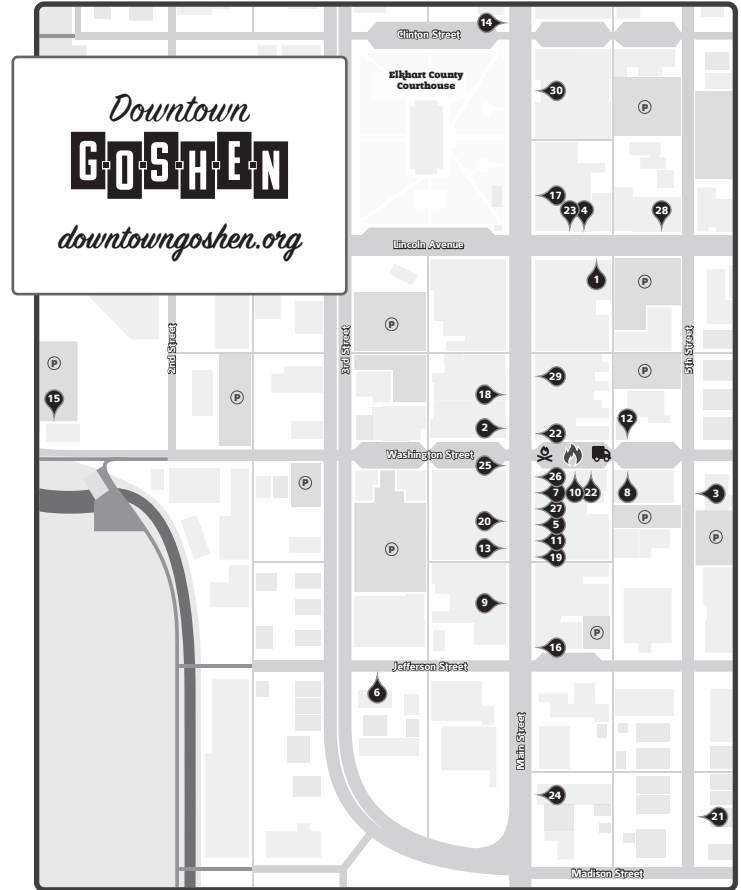

The annual spectacle of fire and ice returns! Professional carvers transform 300-pound blocks of ice into time-bound art while fire dancers light the night sky.

When you get cold, downtown stores are ready to add heat with fiery food and beverage specials and post-holiday shopping discounts.

Children should come royally dressed to sit on the ice throne and have their picture taken! And don't leave without roasting a free marshmallow over the toasty outdoor fires.
